I am open this morning and Tuesday morning. Bob Turner (NOAA) and I have a meeting with Ted tomorrow afternoon to discuss Treaty Rights at Risk issues, so I can discuss Yakima with him then. I believe Dennis and Ted still stay in touch and are likely discussing Yakima

...Jay Gordon wants to chat. I'd rather do it sooner than later...like early next week when he's in Oly. I'm thinking it'd be good for us to check in with Ted and Keith on all this as well. Thoughts?
